Hence, all the NFOs to be launched by the Mutual Fund shall have ASBA facility, which will co-exist with the existing mode of subscription. ASBA is an application containing an authorization given by the Investor to block the application money in his/her specified bank account towards the subscription of Units offered during the NFO of the Scheme of Trust Mutual Fund. Thus, for an investor who applies through ASBA facility, the application money towards the subscription of Units shall be debited from his/her specified bank account only if his/her application is selected for allotment of Units.

Benefits of Applying through ASBA facility

- i. Writing cheques and demand drafts is not required, as investor needs to submit ASBA application Form accompanying an authorization to block the account to the extent of application money towards subscription of Units. The balance money, if any, in the account can be used for other purposes by the investors.
- ii. Release/Unblocking of blocked funds after allotment is done instantaneously.
- iii. Unlike other modes of payment, ASBA facility prevents the loss of interest income on the application money towards subscription of Units as it remains in the bank account of the investor till the allotment is made.
- iv. Refunds of money to the investors do not arise as the application money towards subscription of Units gets blocked only on the allotment of Units.
- v. The investor deals with the known intermediary i.e. his/her own bank.
- vi. The application form is simpler as the application form for ASBA will be different from the NFO application form.

ASBA Procedure

- a. An investor intending to subscribe to the Units of the NFO through ASBA, shall submit a duly completed ASBA Application Form to a Self-Certified Syndicate Bank (SCSB), with whom his/her bank account is maintained.
- b. An ASBA investor shall submit a duly filled up ASBA Application form, physically or electronically to the SCSB with whom the investors hold the bank account which is to be blocked.
 - i. In case of ASBA application in physical mode, the investor shall submit the ASBA Application Form at the bank branch of SCSB, which is designated for the purpose and the investor must be holding a bank account with such SCSB.
 - ii. In case of ASBA application in electronic form, the investor shall submit the ASBA Application form either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for subscribing to units of Mutual Fund schemes authorizing to block the subscription money in a bank

account.

- c. An acknowledgement will be given by the SCSB in the form of the counter foil or specifying the application number for reference. Such acknowledgement does not guarantee, in any manner that the investors will be allotted the Units applied for.

Note: If the bank account specified in the ASBA Application Form does not have sufficient credit balance to meet the application money towards the subscription of Units, the Bank shall reject the ASBA Application form.

- d. On acceptance of Physical or Electronic ASBA, the SCSB shall block funds available in the bank account specified to the extent of the application money specified in the ASBA Application Form.
- e. ASBA application form will not be accepted by any of the offices of Trust Mutual Fund or its Registrar & Transfer Agent, i.e. KFin Technologies Limited ("KFin").

 - i. Allotment of Units is made or
 - ii. Rejection of the application or
 - iii. Winding up of the Scheme, as the case may be.
- g. SCSBs shall unblock the bank accounts for
 - i. Transfer of requisite money to the Mutual Fund / Scheme bank account against each valid application on allotment or
 - ii. in case the application is rejected.
- h. During processing of the ASBA Application Forms by RTA, if the application is found to be incomplete or incorrect, the SCSB will be informed on the same who will then unblock the investor account with appropriate remarks in the investor account.

- i. The list of SCSBs and their DBs where ASBA application form can be submitted is available on the websites of BSE (www.bseindia.com), NSE (www.nseindia.com) and SEBI (www.sebi.gov.in) and shall also be given in the ASBA application form

V. INVESTMENT VALUATION NORMS FOR SECURITIES AND OTHER ASSETS**VALUATION POLICY AND PROCEDURES****I. Background**

SEBI has amended Regulation 47 and the Eighth Schedule relating to valuation of investments on February 21, 2012 to introduce overriding principles in the form of "Principles of Fair Valuation".

Prior to this amendment, Eighth schedule and various circulars issued from time-to-time provided detailed guidelines on valuation of traded securities, non-traded securities, thinly traded securities, etc.

The amended regulations require that mutual funds shall value their investments in accordance with principles of fair valuation so as to ensure fair treatment to all investors i.e. existing investors as well as investors seeking to subscribe or redeem units. It further prescribes that the valuation shall be reflective of the realizable value of securities and shall be done in good faith and in a true and fair manner through appropriate valuation policies and procedures approved by the Board of Trust Asset Management Private Limited (AMC)

The amendment also states that in case of any conflict between the principles of fair valuation and valuation guidelines as per Eighth Schedule and circulars issued by SEBI, the Principles of Fair Valuation shall prevail.

A. Equity and Related Securities (such as convertible debentures, equity warrants, etc.) / preference shares

Asset Class	Traded / Non traded	Basis of valuation
Equity, Preference Shares and Convertible Preference Shares	Traded	<ul style="list-style-type: none"> - On a valuation day, at the last quoted closing price on the National Stock Exchange of India Limited (NSE). If a security is not traded on NSE, it will be valued at the last quoted closing price on the Bombay Stock Exchange Limited (BSE). If a security is not traded on NSE and BSE, it will be valued at the last quoted closing price on other recognised stock exchange where the security is traded. If the security is traded on more than one recognised stock exchanges (other than NSE and BSE), it will be valued at the last quoted closing price on the stock exchange as may be selected by the Valuation Committee, and the reasons for such selection will be recorded in writing - For valuation of securities held by Exchange Traded Funds (ETFs)/ Index funds which are benchmarked to indices relating to a particular stock exchange, exchange of underlying benchmark index would be the primary stock exchange e.g. for a Sensex Fund, the principal stock exchange will be BSE. <p>Preference shares: to be valued on intrinsic value The primary stock exchange would be National Stock Exchange (NSE).</p>
Equity, Preference Shares and Convertible Preference Shares	Non Traded	<ul style="list-style-type: none"> - If a security is not traded on any stock exchange on a particular valuation day, the last quoted closing price on NSE or BSE or other recognised stock exchange (in the order of priority) on the earliest previous day would be used, provided such day is not more than thirty days prior to the valuation day. - When a security (other than Government Securities) is not traded on any stock exchange for a period of thirty days prior to the valuation date, the scrip must be treated as a 'non traded' security <p>Non traded / thinly traded securities shall be valued "in good faith" by the AMC on the basis of the valuation principles laid down below:</p> <ol style="list-style-type: none"> a) Based on the latest available Balance Sheet, net worth shall be calculated as follows: Net Worth per share = [share capital + reserves (excluding revaluation reserves) – Miscellaneous expenditure and Debit Balance in P&L A/c] Divided by No. of Paid up Shares. b) Average capitalisation rate (P/E ratio) for the industry based upon either BSE or NSE data (which should be followed consistently and changes, if any noted with proper justification thereof) shall be taken and discounted by 75% i.e. only 25% of the Industry average P/E shall be taken as capitalisation rate (P/E ratio). Earnings per share of the latest audited annual accounts will be considered for this purpose. c) The value as per the net worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 10% for illiquidity so as to arrive at the fair value per share. d) In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalised earning. e) In case where the latest balance sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero. f) In case an individual security accounts for more than 5% of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security.

Asset Class	Traded / Non traded	Basis of valuation
		<p>To determine if a security accounts for more than 5% of the total assets of the scheme, it would be valued by the procedure above and the proportion which it bears to the total net assets of the scheme to which it belongs would be compared on the date of valuation.</p> <p>Non Traded preference shares: should be valued in good faith depending upon the type of preference shares and after considering illiquidity discount, if any</p> <p>Non traded redeemable preference shares: valuation shall be discounted value of future cash flow based on bond yield of that issuer</p> <p>Convertible preference shares: The value of convertible preference shares would be arrived based on the intrinsic value of the preference shares considering the conversion ratio as adjusted for illiquidity discount and other relevant factors as applicable as on the valuation date with the approval of Valuation Committee.</p> <p>Non Traded non-convertible preference shares: Non-convertible preference shares are more akin to debt and to be valued as debt securities at an applicable market yield for the similar duration and rating as approved by the Valuation Committee.</p> <p>Guidelines for Valuation in case of demerger of entities:</p> <p>Demerger:</p> <p>i. Both the shares are traded immediately on de-merger – in this case, both the shares are valued at respective traded prices Shares of only one company continue to be traded on de-merger – Traded shares are to be valued at traded price and the other security is to be valued at traded value on the day before the de-merger after deducting value of the traded security post de-merger. In case one entity is demerged into two or more entities and one of those entities continues to be listed, the value of unlisted entity (ies) will be difference between the closing price of the security on the ex-date (after demerger) and closing price of the security on previous trading day (before demerger) that continues to be listed. The difference in price of two dates will be the valuation price of the unlisted entity (ies) proportionately, till they are listed and traded on a stock exchange. The cost price of new entity/entities would be derived proportionately from the cost price of parent entity. In case the price of the traded security of de-merged entity is equal to or in excess of the price of that entity before de-merger, then the security of the non- traded entity will be valued at zero.</p> <p>ii. Both the shares are not traded on de-merger: The price of the shares of the Company one day prior to ex-date of de-merger will be bifurcated over the de-merged shares in the ratio of cost of shares of each demerged entity or on the basis of net assets transferred if the same is available from the Company. If the companies resulting from demerger remain unlisted for more than 3 months, the Valuation Committee to decide on application of illiquidity discount as deemed appropriate on case to case basis. In case of the above listed, Valuation committee may decide fair value other than guided above, post considering facts on a case to case basis. Further guidance from valuation committee would be sought for any exceptional cases not covered above. If the above companies remained unlisted for more than 3 months, the Valuation Committee to decide on application of illiquidity discount as deemed appropriate on case to case basis. In case of the above mentioned situations, Valuation committee may decide fair value other than guided above, post considering facts on a case to case basis. Further guidance from valuation committee would be sought for any exceptional cases not covered above. Where the demerged company is not immediately listed, valuation price will be worked out by using previous day's last quoted closing price before demerger reduced for last quoted closing price of the listed company.</p> <p>Mergers: Valuation of merged entity will be arrived at by summation of previous day's last quoted closing price of the respective companies prior to merger. E.g. If Company A and Company B merge to form a new Company C, the Company C would be valued at price equals to A + B. In case of merger where the identity of one entity continues, valuation of the merged entity would be at closing price of the surviving entity. E.g. If Company A merges into Company B, then merged entity would be valued at the price of Company B being the surviving company. On merger/demerger, in case the company specifies any regulations/ method for cost bifurcation or valuation the same will be adopted. In case the above methodology does not derive the fair valuation of de-merged entities; the same may be determined by the Valuation Committee on case to case basis.</p>

Asset Class	Traded / Non traded	Basis of valuation
Equity, Preference Shares and Convertible Preference Shares	Thinly Traded Securities	<p>Policy is similar to non-traded</p> <p>Definition: When trading in an equity / equity related security (such as convertible debentures, equity warrants, etc.)/preference shares in a month is less than Rs. 5 lakh and the total volume is less than 50,000 shares, it shall be considered as a thinly traded security and valued as per the valuation principles laid down in the SEBI.</p> <p>For example, if the volume of trade is 100,000 and value is Rs. 400,000, the share does not qualify as thinly traded. Similarly, if the volume traded is 40,000, but the value of trades is Rs. 600,000, the share does not qualify as thinly traded.</p> <p>In order to determine whether a security is thinly traded or not, the volumes traded in all recognised stock exchanges in India may be taken into account.</p> <p>Where a stock exchange identifies the "thinly traded" securities by applying the above parameters for the preceding calendar month and publishes / provides the required information along with the daily quotations, the same may be used by the mutual fund.</p> <p>If the share is not listed on the stock exchanges which provide such information, then it will be obligatory on the part of the mutual fund to make its own analysis in line with the above criteria to check whether such securities are thinly traded which would then be valued accordingly.</p>
Equity, Preference Shares and Convertible Preference Shares	Suspended equity securities	<p>In case trading in an equity security is suspended up to 30 days, then the last traded price would be considered for valuation of that security. If an equity security is suspended for more than 30 days, the Valuation Committee will decide the valuation norms to be followed and such norms would be documented and recorded</p>
Equity, Preference Shares and Convertible Preference Shares	Unlisted Equity Shares	<p>Unlisted equity shares of a company shall be valued "in good faith" on the basis of the valuation principles laid down below:</p> <ol style="list-style-type: none"> a. Based on the latest available audited balance sheet, net worth shall be calculated as lower of (i) and (ii) below: <ol style="list-style-type: none"> (i) Net worth per share = [share capital plus free reserves (excluding revaluation reserves) minus Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by Number of Paid up Shares. (ii) Net worth per share shall again be calculated after taking into account the outstanding warrants and options, and shall be = [share capital plus consideration on exercise of Option/Warrants received/receivable by the Company plus free reserves (excluding revaluation reserves) minus Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by {Number of Paid up Shares plus Number of Shares that would be obtained on conversion/ exercise of Outstanding Warrants and Options}. <p style="margin-left: 40px;">The lower of (i) and (ii) above shall be used for calculation of net worth per share and for further calculation in (c) below.</p> b. Average capitalisation rate (P/E ratio) for the industry based upon either BSE or NSE data (which should be followed consistently and changes, if any, noted with proper justification thereof) shall be taken and discounted by 75% i.e. only 25% of the industry average P/E shall be taken as capitalisation rate (P/E ratio). Earnings per share of the latest audited annual accounts will be considered for this purpose. c. The value as per the net worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 15% for illiquidity so as to arrive at the fair value per share. <p>The above methodology for valuation shall be subject to the following conditions:</p> <ol style="list-style-type: none"> i. All calculations as aforesaid shall be based on audited accounts. ii. In case where the latest balance sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero. iii. If the net worth of the company is negative, the share would be marked down to zero. iv. In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalised earning. v. In case an individual security accounts for more than 5% of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security. To determine if a security accounts for more than 5% of the total assets of the scheme, it should be valued in accordance with the procedure as mentioned above on the date of valuation. <p>At the discretion of the AMC and with the approval of the Trustees, an unlisted equity share may be valued at a price lower than the value derived using the aforesaid methodology.</p>
Equity, Preference Shares and Convertible Preference Shares	Lock in shares / pending listing	<ol style="list-style-type: none"> a. Illiquidity discount will be 10% (applied on daily reducing basis till end of lock in period) for securities where the lock-in is less than 3 months. b. If the lock-in period for these securities is greater than 3 months, then the Valuation Committee will decide on the illiquidity discount to be applied, on a case to case basis.

Asset Class	Traded / Non traded	Basis of valuation
Equity, Preference Shares and Convertible Preference Shares	Illiquid Securities	<ol style="list-style-type: none"> 1. Aggregate value of "illiquid securities" of Scheme, which are defined as non- traded and unlisted equity shares, shall not exceed 15% of the total assets of the Scheme and any illiquid securities held above 15% of the total assets shall be assigned zero value. 2. All funds shall disclose as on March 31 and September 30 the Scheme-wise total illiquid securities in value and percentage of the net assets while making disclosures of half yearly portfolios to the unit holders. In the list of investments, an asterisk mark shall also be given against all such investments, which are recognised as illiquid securities. 3. Mutual Funds shall not be allowed to transfer illiquid securities among their Schemes. 4. In respect of closed ended funds, for the purposes of valuation of illiquid securities, the limits of 15% and 20% applicable to open-ended funds should be increased to 20% and 25% respectively.

The non-convertible component should be valued on the same basis as would be applicable to a debt instrument. The convertible component shall be valued as follows:</p> <ol style="list-style-type: none"> i) Ascertain: <ul style="list-style-type: none"> • The number of shares to be received after conversion. • Whether the shares would be pari passu for dividend on conversion. • Rate of last declared dividend. • Whether the shares are presently traded or non-traded. • Market rate as on the valuation date. ii) In case the shares to be received are, on the date of valuation, are non-traded, these shares to be received on conversion are to be valued as non-traded equity shares. iii) In case the shares to be received on conversion are not non-traded on the date of valuation and would be traded pari passu for dividend on conversion: <ol style="list-style-type: none"> a) Number of shares to be received on conversion, per convertible debenture, multiplied by the present market rate b) Determine the discount for non-tradability of the shares on the date of valuation. (This discount should be determined in advance and to be used uniformly for all the convertible securities. Rate of discount should be documented and approved by the Board of AMC) Value = (a)* [1-(b)] iv) In case the shares to be received on conversion are not non-traded on the date of valuation but would not be traded pari passu for dividend on conversion: <ol style="list-style-type: none"> a) Number of shares to be received on conversion, per convertible debenture, multiplied by the present market rate b) Arrive at the market value of the shares on the date of valuation by reducing the amount of last paid dividend. c) Determine the discount for non-tradability of the shares on the date of valuation. Take a look back period for trade recognition as under:</p> <p>a) 15 working days for benchmark ISINs</p> <p>b) 30 working days for non-benchmark ISINs</p> <p>c) This will be revised to 7 working days for benchmark ISIN and 15 working days for non-benchmark ISINs from October 01, 2021.</p> <p>Note 1</p> <p>a) If the ISIN gets traded, the traded YTM will be taken for the purpose of valuation.</p> <p>b) If 1 ISIN of the issuer trades all other ISINs of issuers will be considered as traded but with necessary adjustment of spread to YTM.</p>

According to this valuation will be done based on the trade of issuer, trade of similar issuer and as an additional layer a look back period of is requested. It is confirmed that spread over YTM will be taken without any adjustment of modified duration to call.</p> <p>Note 2</p> <p>As the valuation is based on trade during the look back period, it is confirmed that a spread will be adjusted to reflect adverse news, change in credit rating, interest rate etc., which has bearing on the yield of ISIN being valued.</p> <p>Note 3</p> <p>If there is no actual trade of any ISIN of the issuer as well as similar issuer during look back period also then valuation will be done by taking spread over matrix and/or polling in line with the waterfall mechanism prescribed by AMFI.</p> <p>Note 4</p> <p>AT-1 bonds and Tier 2 bonds being different categories of bonds, the valuation of these bonds will be done separately (i.e.) ISIN of AT-1 bond traded will not mean that ISIN of Tier-2 bonds of the same issuer have also traded. However, if any issuer does not exercise call option for any ISIN, then the valuation and calculation of Macaulay Duration should be done considering maturity of 100 years from the date of issuance for AT-1 Bonds and Contractual Maturity for Tier 2 bonds, for all ISINs of the issuer</p>

In accordance, with the same, the AMC provides for the nomination facility as permitted under the Regulations. Nomination Forms are available along with the application forms at any of the Investor Service Centers and on the website of the AMC at www.trustmf.com

It may, however, be noted that in the event of death of the Unitholder and in the event a nominee has been named, the nominee shall stand transposed in respect of the Units held by the Unit holder. Such nominee (new Unit holder) will hold the Units in trust for and on behalf of the estate of the original Unit holder and his / her legal heirs. 2. Where a folio has joint holders, all joint holders should sign the request for nomination/cancellation of nomination, even if the mode of holding is not "joint". Nomination form/section cannot be signed by Power of attorney (PoA) holders.
3. Every new nomination for a folio/account will overwrite the existing nomination.
4. Nomination will be mandatory for new folios/accounts opened by individual especially with sole holding. Nomination can also be made by a sole proprietorship as the proprietor is providing his/ her personal pan card for KYC and all the details are of the individual itself.
5. Even those investors who do not wish to nominate must sign separately confirming their non-intention to nominate.

Investors may note that where the Units are transferred in favor of the nominee, the "Know Your Customer" norms, where applicable will have to be fulfilled by the nominee.

II. Know Your Customer (KYC) Compliance

In terms of the Prevention of Money Laundering Act, 2002, the Rules issued there under and the guidelines/circulars issued by SEBI regarding the Anti Money Laundering (AML Laws), all intermediaries, including Mutual Funds, have to formulate and implement a client identification programme, verify and maintain the record of identity and address(es) of investors.

In order to bring about uniformity in the Know Your Customer (KYC) process in the securities market, Common KYC Application form and supporting documents shall be used by all SEBI registered intermediaries viz. Mutual Funds, Portfolio Managers, Depository Participants, Stock Brokers, Venture Capital Funds, Collective Investors Schemes, etc. Further, to avoid duplication of KYC process across SEBI registered intermediaries, a mechanism for centralization of the KYC records in the securities market has been developed. Accordingly, an intermediary shall perform the initial KYC of its clients and upload the details on the system of the KYC Registration Agency (KRA). When the client approaches another intermediary, the intermediary can verify and download the client's details from the system of the KRA. As a result, once the client has done KYC with a SEBI registered intermediary, he need not undergo the same process again with another intermediary.

For individual investors, AMFI vide its Best Practices Guidelines Circular No.68 / 2016-17 dated December 22, 2016 on 'Implementation of Central KYC (CKYC) norms', has prescribed new CKYC norms February 1, 2017, for prospective individual investors who has never done KYC under KRA regime and whose KYC is not registered or verified in the KRA system. For details, please refer the section "How to apply for KYC".

For regulating KRAs, SEBI has formulated the KYC Registration Agency (KRA) Regulations, 2011 which covers the registration of KRAs, functions and responsibilities of the KRAs and intermediaries, code of conduct, data security, etc. KRA system centralizes KYC records in the securities market. To expand the centralized database of the KYC records of the entire securities market, KRAs are required to upload the KYC details of the existing clients of the intermediaries in the current KRA system, in a phased manner. Guidelines in this regard have been issued by SEBI in consultation with the major Stock Exchanges, Depositories, KRAs, AMFI, Brokers' Associations and market participants.

In-Person' Verification (IPV) of clients has been made mandatory for all SEBI registered intermediaries. Asset Management Companies (AMCs) and the distributors who comply with the certification process of National Institute of Securities Market (NISM) or Association of Mutual Funds in India (AMFI) and have undergone the process of 'Know Your Distributor (KYD)' can perform the IPV for mutual fund investors.

However, where applications are received by the mutual funds directly from the clients (i.e. not through any distributor), the IPV performed

by the scheduled commercial banks can be relied on. The IPV carried out by any SEBI registered intermediary can be relied upon by the Mutual Fund. For details, please refer sections "How to apply for KYC" and "Who are required to be KYC/CKYC compliant" of this document.

Accordingly, individuals (including Joint Holders who are individuals, NRIs but not PIOs, Minors) and Sole proprietary firms who do not possess a PAN ("Eligible Investors")* are exempt from submission of PAN for investments upto Rs.50,000 in a rolling 12 month period or in a financial year i.e. April to March. Eligible Investors must quote PAN Exempt KYC Reference Number (PEKRN) issued by the KRA under the KYC acknowledgement letter in the application form and submit a copy thereof along with the application form. In case the applicant is a minor, PAN /PEKRN details of the Guardian shall be submitted, as applicable. Eligible Investors (i.e. the First Holder) must not possess a PAN at the time of submission of application form. Eligible investors must hold only one PEKRN issued by any one of the KRAs.

In case the mode of holding is specified as 'Anyone or Survivor', any one of the Unitholders as mentioned in the initial application form may sign the financial and non-financial transaction requests and instructions except for lien requests, where all the Unitholders are required to sign the lien request letter.
